

TAXI PURCHASE PRICE PROTECTION Policy Summary

CUSTOMER COPY - PLEASE RETAIN THIS DOCUMENT FOR YOUR RECORDS.

This document does not contain the full policy terms and conditions of the Taxi Purchase Price Protection Insurance Policy. The information given in this leaflet is only a summary of the cover and does not override the terms and conditions set out in the policy, a copy of which is available on request and will be sent to you once your application has been accepted.

WHAT IS TAXI PURCHASE PRICE PROTECTION?

This policy protects the financial shortfall you may face if your vehicle is the subject of an insurance "Write off" due to **Fire, Accident** or **Theft**. (A write off means that in the motor insurers view the vehicle is damaged beyond economical repair; or the vehicle has been stolen and not recovered.)

Your comprehensive motor insurance policy will only pay the market value of your vehicle at the time of the "Write off". Because of the way vehicles depreciate this amount is likely to be less than what you originally paid for the vehicle, resulting in a financial shortfall.

Taxi Purchase Price Protection will protect this shortfall by paying back to you the difference between what your comprehensive motor insurance will pay and the original invoice price you paid for your vehicle up to the agreed capped benefit selected.
