WHAT IS FINANCE SHORTFALL PROTECTION?

This policy is designed to protect you against unexpected losses that may be payable following the “Write off” of your vehicle due to **Fire, Accident or Theft**. (A write off means that in the motor insurers view the vehicle is damaged beyond economical repair, or the vehicle has been stolen and not recovered.)

In the event of a “Write off” your comprehensive motor insurance policy will only pay the market value of your vehicle at the time of loss. This amount can be less than what you still have outstanding to pay on your Finance Agreement.

If these circumstances occur the Finance Company will require you to settle the amount outstanding on your loan. Finance Shortfall Protection protects you against this liability by paying the Finance Company the shortfall.
